

MINISTRY OF WATER AND ENVIRONMENT

## UGANDA WATER AND ENVIRONMENT WEEK 2019: WATER RESOURCES INSTITUTE, ENTEBBE

### PARTICIPANT REGISTRATION: 18-22 March 2019

The Ministry of Water and Environment in collaboration with key Partners will hold the second Uganda Water and Environment Week (UWEWK) 2019 18<sup>th</sup> to 22<sup>nd</sup> March 2019. Organised under the theme; **“Water and Environment a strategic driver in attainment of Sustainable Development Goals 2030,”** the event will be guided by five sub themes:

- **Water-food-energy-ecosystem nexus:** This theme will focus on the inseparable link among security of water, energy, food and ecosystems, which underpins sustainable economies and human well-being. It will explore means of addressing concerns about the availability, distribution, access and sustainability of water, food and energy and the resultant stress on natural resources due to increased climate variability and change and as more people migrate to cities and join the middle class. Special attention will be given to key cross-sectoral issues of policymaking, conflicts and conflict management, interdependencies (water, food- energy and ecosystems) in shared basins, water security and scarcity and nexus financing.
- **Water, environment and Society:** This theme will focus on how water and environment contribute to society and how society can enhance its stewardship role and contribute effectively to achievement of SDGs related to water and environment. Focus will be given to the role of faith-based organisations, cultural institutions, the private sector, children and youth, community based organizations etc. It will look into issues of inclusive Water, Sanitation and hygiene services, politics and governance of water and environment, sustainable urbanization, industry water and environment innovations, water and environment businesses.
- **Green growth:** The theme will aim at exploring opportunities for achieving green growth through sustainable development and management of water and environment resources. It will focus on the key principles of a green economy such as equity, environment sustainability, resource efficiency, climate change adaptation and mitigation and inclusiveness. Special focus will be given to Green cities, Sustainable energy, Green jobs and employment as well as sustainable production.
- **Blue economy and SDGs:** The theme will introduce the Blue Economy concept, which is the economic benefit, and value we realize from the Earth’s freshwater environment. Sustainable Blue Economy provides social and economic benefits for current and future generations, restores, protects and maintains the diversity, productivity and resilience of marine ecosystems, and is based on clean technologies, renewable energy, and circular material flows. The theme will also discover how sustainable development furthers social progress growth and challenges faced as we move towards a sustainable economy, and how to work together to overcome them.
- **Financing Sustainable Development Goals (SDGs):** This theme will focus on innovative funding opportunities and investment vehicles that can support national efforts to achieve the SDGs related to water and environment.

The event includes the following activities;

1. Publicity campaigns in print, electronic and social media;
2. Regional awareness raising activities by the deconcentrated structures of the Ministry of Water and Environment
3. Clean up Exercise in Entebbe Municipality Saturday 16<sup>th</sup> March 2019
4. National Conference: Monday 18<sup>th</sup> – Tuesday 19<sup>th</sup> March 2019
5. Applied Training Sessions: Wednesday 20<sup>th</sup> March 2018
6. Field Visits: to selected areas within and around Entebbe, Kampala and surrounding districts
7. Commemoration of the three Important International Sector Days - Friday 22<sup>nd</sup> March 2018
