

UGANDA WATER AND ENVIRONMENT WEEK (UWEWK) 2021

Theme: “Water and Environment security for socio-economic transformation of Uganda.”

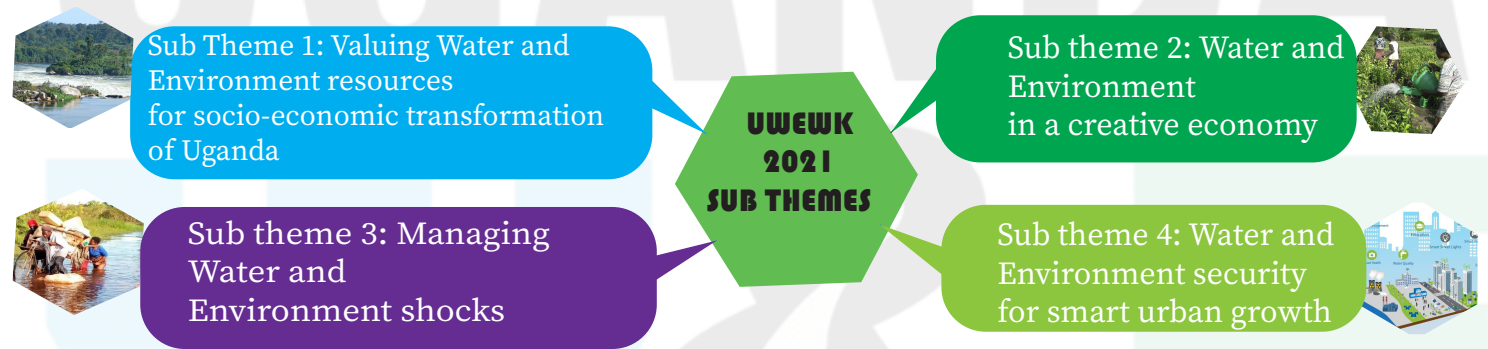

**22nd - 26th
March
2021**

1. Introduction

The Uganda Water and Environment Week (UWEWK) is a weeklong event that provides an interface between sector actors and other stakeholders for knowledge exchange, dialoguing, learning for improvement of Uganda’s water and environment resources. This year UWEWK2021 will explore the role water and environment resources will be play in; i) Increasing investment in value addition to environment and natural resources products and services, ii) Promoting natural resource accounting, to improve the national income measurement, iii) Promoting research, innovation and adoption of green appropriate technology to foster sustainable use and management of water and environment resources and iv) Reducing human and economic loss from natural hazards and disasters.
